### Functions:

**Instruction (1100 - 1200):** Instruction includes the activities directly dealing with the teaching of pupils or the interaction between teacher and pupil. Teaching may be provided for pupils in a school, in a classroom, in another location, such as in a home or hospital, and through other approved media such as television, radio, telephone and correspondence.

**Pupils (2100):** Activities which are designed to assess and improve the well-being of pupils and to supplement the teaching process. e.g., Pupil personnel, guidance, health, psychological, speech and audiology, attendance, graduation and student assembly services.

**Instructional Staff (2200):** Activities associated with assisting the instructional staff with the content and process of providing learning experiences for pupils. e.g., Curriculum development, staff training, ed. aides and media services.

**Board of Education (2300):** Activities concerned with establishing policy in connection with operating the District.

**School Administration (2400):** Activities concerned with administrative responsibility e.g., Supt. & Principal offices.

**Fiscal (2500):** Activities associated with the financial operations of the District. e.g., Treasurer's office.

**Business (2600):** Activities concerned with directing & managing service areas. e.g., Business Manager's office.

**Operation of Plant (2700):** Activities concerned with keeping the physical plant open, comfortable and safe for use and keeping buildings and equipment in an efficient working condition. e.g., Maintenance & custodial areas.

**Transportation (2800):** Activities concerned with the conveyance of students to and from school and to activities.

**Statistical Services (2900):** Activities, other than general administration, which support each of the other instructional and supporting services programs. e.g., Personnel and technology.

**Community Services (3200):** Payments made by the District to support activities that do not directly relate to providing education for pupils in the District.

**Extracurricular Activities (4000):** Subject matter and/or activities not provided in regular classes. Generally, participation is not required and credit is not given.

**Capital Outlay (5000):** Improvements to the District buildings & land.

**Contingencies (7000):** To be used for unanticipated emergencies.

See accompanying summary of significant forecast assumptions and accounting policies

Includes: General fund, Emergency Levy fund, and any portion of Debt Service fund related to General fund debt
The forecast is legally adopted by the Board of Education in October and is intended to assist Board members, administration, and interested parties in assessing the fiscal ramifications and consequences of decision-making, or lack thereof, for the District. No number or assumption in this forecast should be considered an absolute because the information relied upon to develop the numbers is in a constant state of change. For example, State budgets are adopted on a two-year cycle, no reasonable assurance can be given that a five-year forecast projection of State funding will bear any resemblance to reality. Therefore, financial forecast documents must be viewed and interpreted as dynamic documents. It is inevitable that no forecast number will be exactly right—but the trend may certainly be relied upon. This forecast will continue to change as events occur and decisions are made.

The Winton Woods City School District is located approximately 15 miles north of Cincinnati, Ohio. It serves an area of 13.2 square miles encompassing the City of Forest Park, Village of Greenhills and a small portion of Springfield Township. The total District population has increased from 27,070 in 1980 to 28,906, latest information available, in 2009.

During the 2016-2017 school year, the District had 3,891 students enrolled in 4 grade level schools serving grades PreK-6, 1 middle school serving grades 7-8 and 1 high school serving grades 9-12. The District had been experiencing declining enrollment until the 2011-2012 school year in which enrollment began to stabilize. The District also operates a variety of other facilities, including a central administration building, bus garage, maintenance building and several sports fields.

The District provides a full range of programs and services for its students. These include elementary and secondary course offerings at the general, vocational and college preparatory levels. A broad range of co-curricular and extra-curricular activities to complement the students’ curricular programs are also offered.

The last tax levy was passed in November of 2009. The residents of the District approved a $4.2 million ten year emergency levy. Collections of this levy began in January of 2010.

The following is a detailed description of the assumptions made in developing the current Five-Year Plan.

Revenues

Line 1.01 General Property Taxes

Real Estate revenue is based on the most current tax duplicate information received from the Hamilton County Auditor. Property values are established each year by the County Auditor based on new construction and updated values. Hamilton County completed its updated reappraisal effective for calendar year 2014. An update was completed in 2015, collection 2016.

Based on the latest information available from the Hamilton County Auditor, the current total property values for collection year 2017 are $439,316,420 for residential and agricultural, $97,306,490 for commercial and industrial and $19,427,470 for public utility personal.
Due to HB 920, passed in 1976, we do not receive additional revenue on voted millage if property values increase. HB 920 effectively reduces the millage to provide the same amount of revenue as when the millage was passed. In a period of declining property values just the opposite is true. The District will receive the same revenue thus increasing the effective rate. However, the effective rate may never exceed the voted millage. The District does have inside millage of 4.65 mills that is permitted to grow (decline) if the property values increase (decrease). Due to declining total valuation real estate collections have been held constant.

The Hamilton County Auditor determined that prepaid real estate taxes were up by approximately five percent (5.0%) in calendar year 2018, due to changes in the federal tax code. This resulted in a prepayment increase of approximately $600,000.00 for fiscal year 2018. The estimated real estate tax collections for fiscal year 2019 have been adjusted to reflect this prepayment which is not anticipated to carry over to future collection years.

**Line 1.02 Tangible Personal Property Taxes**

Tangible Personal Property Tax (TPP) and Public Utility Personal Property (PUPP) will phase out completely and thus eliminate tangible personal property taxes. The District had a tangible personal property tax base of $30 million before the phase out began. Tangible property includes business equipment, inventories, and fixtures. The state has phased this tax base out completely. The District’s final reimbursement was $184,683 received in FY16 on a total loss of $2.3 million. The reimbursement is posted to the Property Tax Allocation line. The reimbursement was completely phased out beginning fiscal year 2017.

**Line 1.03 Income Tax**

The District does not have an Income Tax.

**Line 1.035 Unrestricted Grants-in-Aid**

State support for fiscal years 2018 – 2022 has been projected on the most recent information available. The state funding formula changed in FY2014. In FY18 it is estimated that the district will receive $19.4 million. This includes funding for special education transportation and preschool units. Based upon projections released by the Ohio Department of Education, the District will receive additional state funding in the amount of $700,000 for FY19 and $200,000 for FY20 providing the district’s enrollment does not decline.

Based upon the current funding formula Winton Woods will not receive the calculated allocation until FY2020 due to the fact that the current cap on growth from fiscal year to fiscal year is estimated at four percent (4.0%) per year based upon the State’s current budget.

**Line 1.04 Restricted Grants-in-Aid**

This line item represents the amount of special education catastrophic reimbursement, career and technology education and miscellaneous receipts and reimbursements. This category is forecasted based upon an average of historical trends.
Line 1.05 Property Tax Allocations

Property Tax Allocation is estimated based on projected Real Estate collections. The funding for this category is received from the 10% tax bill rollback and the 2.5% homestead exemption if applicable. This is the reimbursement received from the State for homestead and rollback. The hold harmless for the Tangible Personal Property Tax payments also is received in this category. The current reimbursement is phased out for FY17.

Line 1.06 All Other Revenue

This includes investment earnings, tuition, local fees and other miscellaneous revenue. This category is not expected to have much growth. Investment earnings were held constant. Fluctuations here are predicated on cash balances as well as economic conditions. This category is forecasted based upon an average of historical trends. For fiscal year 2017 $1.2 million was received for Medicaid reimbursement. This represented receipts for three prior years. The anticipated annual collection for future years is $150,000.

Line 2.05 Advances

This is mainly a repayment of advances from the General Fund to State and Federal grant funds that require advances at year end to balance due to reimbursement rules. Winton Woods does not have any advances due to other funds.

Expenditures

Line 3.01 Personal Services

Staffing is based on the current levels with growth based on related annual enrollment increases or decreases. Personal services also includes all staffing changes implemented over the last three (3) fiscal year as well as for FY18. Negotiated salary increases in the amount (3.5%) for FY18. Horizontal and vertical step advancement has been included projected for FY17 through FY21. However, no salary increases beyond FY18 have been projected in the forecast.

Line 3.02 Employees’ Retirement/Insurance Benefits

Benefits are projected using two categories. The first category, retirement benefits and Medicare, is included at the current employer contribution level of 14% and 1.45% respectively of salaries through FY22. The second category includes health care insurances that are based on demographic enrollments and rates. Health insurance has been projected at an average of four percent (4.0%) for FY19 through FY21. Health insurance will have a decrease in FY18 due to an anticipated premium holiday for the month of December in the amount of approximately $400,000. Dental has been increased at an annual rate of five percent (5.0%). Future health care trends may require a higher increase, which would negatively affect this forecast. Also included here are unemployment, worker’s compensation and tuition reimbursement which were held constant.
Line 3.03 Purchased Services

Purchased Services projections are based on enrollment, tuition trends and inflation. The major items included in Purchased Services are utilities, professional meeting expenses, curriculum consultants, outside repairs, property and vehicle insurance, student transportation services and tuition for special education needs and Community Schools. Since the Bond Issue passed to construct new facilities, funding for major repairs has decreased in FY18 by approximately $1.1 million. Added in FY13 were custodial services and in FY15 substitute teaching services. Projections are increased at the average rate of two percent (2.0%).

Line 3.04 Supplies and Materials

The major items included in Supplies and Materials are paper, computer supplies, software, textbooks and library books. Fluctuations from year to year will result from major textbook adoptions.

Line 3.05 Capital Outlay

Capital Outlay projections are based on additional technology, building and equipment needs as the buildings and equipment age and need to be replaced. For FY18, $250,000 was included as an additional need for the District’s technology infrastructure. Also, the purchase of new buses is reflected here. No major purchases for capital outlay are anticipated beyond FY18.

Line 4.30 Other Objects

The major items included in Other Objects are county auditor and treasurer fees for collecting taxes, advertising for delinquent taxes and memberships.

Lines 5.XX Other Financing Uses

The Transfer line may include some contingency funds or transfer funds to make some provisions for unanticipated expenditures. Advances are necessary when a lag exists between the time money is expended and when grant money is received on a reimbursement basis. The District does not anticipate an advancement of funds for FY18. The District will have a need to transfer funds to the Athletic Fund for FY18 in the amount of $20,000.

Line 8.01 Estimated Encumbrances

Encumbrances are legal financial obligations of the District that have not been expended at fiscal year end. Encumbrances are projected to remain at the same level for the projection period. Any increase in this line item would result in an offsetting decrease in the actual cash expenditures listed in lines 5.01 to 5.05 and would therefore not effect the ending cash positions in any year.
Line 9.03 Budget Reserve

This line item represents the amount required to be set aside for budget stabilization per House Bill 412. Senate Bill 345 eliminated the requirement for school districts to maintain a budget reserve.

Lines 13.XX Revenue from New Levies

This line item represents revenues which will be generated from a proposed additional levy. The Board of Education will set the amount and timing of any additional levy proposals. However, the district will have a $4.2 million emergency levy expire in FY20 on December 31, 2019.

Summary

With the implementation of past cost reductions and additional state aid the District has been able to build a cash reserve. The District needs to make every effort to maintain this cash reserve. The reserve amount will indicate the timing the Board of Education will need to request of the citizens an additional and/or replacement tax levy. It is anticipated the next levy will be a replacement levy for FY20 in the amount of $4.2 million.

This forecast is based on the above assumption and the information available on the day it was prepared. This forecast is subject to change as circumstances change or additional information becomes available.

WINTON WOODS CITY SCHOOL DISTRICT

RESOLUTION NO. 05-50-18

RESOLUTION DECLARING IT NECESSARY TO PROVIDE FOR THE SUBSTITUTION OF AN EMERGENCY TAX LEVY IN EXCESS OF THE TEN-MILL LIMITATION

WHEREAS, an emergency tax levy generating $4,200,000 per year for current operating expenses for the purpose of providing for the emergency requirements of the school district (the “2009 Emergency Levy”) was affirmatively voted by the electors of Winton Woods City School District (the “District”) on November 3, 2009, which 2009 Emergency Levy was first placed on the 2009 tax list and duplicate for first collection in 2010 and will be in the final year of collection in calendar year 2019;

WHEREAS, this Board of Education desires to substitute the 2009 Emergency Levy for a substitute tax levy pursuant to Section 5705.199 of the Ohio Revised Code.

NOW THEREFORE, BE IT RESOLVED by the Board of Education of the Winton Woods City School District (the “Board of Education”):

SECTION 1. That the amount of revenue which may be raised in this District by all tax levies which this District is authorized to impose, when combined with all revenues to be received from the State of Ohio and the Federal Government, will be insufficient to provide for the necessary requirements of the District.

SECTION 2. That pursuant to the provisions of Section 5705.199 of the Ohio Revised Code, it is necessary that a substitute tax be levied in excess of the ten-mill limitation for the benefit of this District, for the purpose of providing for the necessary requirements of the District, which substitute tax levy shall wholly substitute the 2009 Emergency Levy. The proposed substitute tax levy shall be a substitute tax levy pursuant to Section 5705.199 of the Ohio Revised Code. The tax shall be levied upon the entire territory of the District and the ballot measure shall be submitted to the entire territory of the District. The District is located entirely within Hamilton County, Ohio.

SECTION 3. That the question of the passage of said substitute tax levy shall be submitted to the electors of the District at an election to be held on November 6, 2018. If approved by the electors, said substitute tax levy shall first be placed upon the 2018 tax list and
duplicate, for first collection in calendar year 2019, and shall be in effect for a continuing period of time.

SECTION 4. That in the initial year the substitute tax levy is in effect, the tax levy shall generate proceeds in the amount of $4,200,000, and in each subsequent year the substitute tax levy is in effect, the substitute tax levy shall generate a specified amount of revenue equal to the sum of following: (a) the dollar amount of proceeds derived from the substitute tax levy in the prior year and (b) the dollar amount equal to the product of the taxable value of all taxable real property in the District in the then-current year, excluding carryover property, multiplied by the annual levy, expressed in mills for each one dollar of valuation, that was required to produce the annual dollar amount of the levy in the prior year, provided this amount shall not be less than zero.

SECTION 5. That the Treasurer of this Board of Education be and is hereby directed to certify forthwith a copy of this resolution to the County Auditor at least ninety-five (95) days prior to said election as required by law requesting that said County Auditor certify to this Board of Education the total current tax valuation of the District and to calculate and certify the annual tax levy which will be required to produce the annual amount set forth in Section 4 hereof, in accordance with Sections 5705.199 and 5705.195 of the Ohio Revised Code, as well as Section 5705.03 of the Ohio Revised Code.

SECTION 6. That, if the proposed substitute tax levy is passed by the electors, any remaining tax years on the 2009 Emergency Levy will not be collected after 2018.

SECTION 7. It is found and determined that all formal actions of this Board of Education concerning and relating to the adoption of this resolution were adopted in an open meeting of this Board of Education, and that all deliberations of this Board of Education, and of any of its committees that resulted in such formal action, were in meetings open to the public, in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code, and the rules of this Board of Education adopted in accordance therewith.
