SUMMARY of ADDENDUM

Below is a brief summary of changes and/or clarifications to the bid specifications. Revisions to the bid specifications document

1. The four-man racing shell (boat) described in section C. shall become a bid alternate with specifications in section D.1. of this document. The eight-man shell (boat) shall remain the base bid.

2. The bid bond or performance bond requirement is eliminated. This was formerly specified in specification D.4.

3. Seat tops specified in section A.4. shall be changed to white. This replaces the specification for alternating blue and green seat tops in the original bid specification document. This change is for practical reasons associated with heat dispersion for the athletes on sunny and/or hot days.

4. Alternate option added to list a price for a six (6) month price lock (if any). That is, a firm, guaranteed price until July 13, 2017. This supplements specification D.4. below.

All other specifications remain the same at this time. The revised specifications document follows below.

Addendum 1 issued January 6, 2017.
INSTRUCTIONS AND CONDITIONS FOR SUBMITTING BIDS:

**BIDS MUST BE SUBMITTED AS COMPLETE BIDS.**

1. The Board of Education of the Winton Woods City School District is seeking high-performance racing shells (hereinafter referred to also as “boats”) for our high school women’s rowing team or Crew team. The successful bidder is required to use the enclosed bid forms.

**All Bids Must Contain The Following:**

A) Overall base bid is for one (1) eight-man crew racing shell (hereinafter, “boat” or “boats”), which includes all aspects of the boat except for additional options which are to be listed as bid alternates in the additional options section below.

B) Itemized cost for each option or bid alternate.

**NOTE:** Failure to follow bid procedures as outlined above may result in rejection of bid.

**NOTE:** Unless stated in writing by the bidder, it is assumed by purchaser that base bid includes and meets all specifications as stated in this document.

**NOTE:** The name, address of bidder and date of opening must be shown on the outside of each SEALED envelope containing each bid.

2. All prices must be firm for ninety (90) days. *Check your bid carefully because it cannot be altered after bids are opened.* Bidders must deliver at prices quoted even if prices quoted are in error. *Note also bid alternate or option for a six-month price lock or bid guarantee.*

3. Federal and state taxes should **not** be included (public schools are tax exempt in Ohio).

4. Quotations must be Free On Board (F.O.B.) destination. i.e., include & itemize delivery.

5. Cash discounts will be considered in determining the final net price bid & should be listed as such.

6. The purchaser may accept or reject any or all bids. The purchaser may waive defects or technicalities in the form of the bid when no prejudice will result to the rights of any bidder or the public. The District reserves the right to advertise for new offers on the required products. Bids failing to respond to all requirements may be rejected.

7. By submitting a bid, the vendor acknowledges that they have reviewed and understand the specifications and conditions under which the resulting purchase will be accomplished. Vendors are required to satisfy themselves by personal examination of the bid documents prior to submission.

8. Any prospective vendor desiring an explanation of this bid document must request it in writing (email is preferred). If an explanation is made, it shall be in writing and made available to all vendors. Addenda may be issued up to seventy-two (72) hours preceding the bid.

10. All material is subject to inspection and rejection, notwithstanding prior payments to obtain cash discount. Material rejected on account of inferior quality or workmanship or failure to conform to specifications will be returned to the contractor. The Winton Woods City School District will make the final determination of quality acceptance or rejection. Failure to meet specification requirements and/or failure to correct or replace unacceptable work at the contractor's expense shall be considered a default by the contractor and the District, at its option, may immediately cancel the bid. The contractor will be responsible for all transportation expenses for returning the rejected materials and subsequent delivery of replacement materials.

11. The Winton Woods City School District is not responsible for any cost associated with the preparation of this bid or any other costs incurred by any vendor prior to the execution of a subsequent purchase.
